DETAILED ACTION

Election/Restrictions

Amended claims 1, 11, and 21 are drawn to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims 1, 11, and 21 were drawn to a die coupled to the substrate via the metal layers wherein the flap portions are coupled to the upper surface of the die; while the amended claims 1, 11, and 21 are drawn to a die wire-bonded and encapsulated to the metal layers wherein the flap portions are coupled to the upper surface of the encapsulant.

Therefore, the amended claims are independent or distinct from the invention from the originally presented claims and restriction is proper.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-30 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Response to Amendment

The reply filed on 8/9/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): as a result of the election by original presentation noted above, there are no claims pending. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within

which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
